THE MAD SCIENTIST
By JASON WELCH

[SEQUEL to ALIEN INVASION and NIMBUS 3 PT1-4]

In the Mojave Desert retired managers are making a contribution to Global Society at a facility known as ASYLUM .

Within this facility global Executives eat KENDAL MINT CAKE in a sports wing playing virtual golf using color separation overlay mapped onto the perimeter .

Meanwhile..... KURT STEVENS is late for his induction with security chief MARK GREENSTREET. He walks across a persian shag pile flur de lis carpet through his living room and retrieves a packet of CORN FLAKES and juice from his breakfast bar, joining FULVIA on a maroon corduroy sofa .

In the sports wing ELGIN is lining up a shot on the 13th hole with his secretary LISA DUNLOP as caddy .

LISA DUNLOP ALL READY PETER?

ELGIN IF I GET A BIRDIE ON THE 13TH HOLE .Tell Wochak I'll meet him in the players Lounge in 20 minutes .

LISA DUNLOP I have a video conference set with zebra squad in England.

Elgin takes the shot and sinks the ball in the 13th hole Just as Steven Taylor appears in front of him .

STEVEN TAYLOR KALDOR IS ON THE LINE,seems LANDERCHILD is ready to place an order for your trackers.

ELGIN There PANARAMA CHEMICALS,MEET ME AT CENTRAL OPS .

ELGIN and DUNLOP walk across the color separation overlay playing field to a waist high console and shuts an ARCADE program, playing field changing from sky blue with high cirrus to a night sky via spot light.

They walk over to the perimeter and through to the door into a lounge area and across blood red astroturf central path to lime green concave vinyl silk walls, and alight a travel tube that whisks them in 4 directions around the complex.

They depart to communications wing and through glass partitions to a waiting room with a large LED monitor on the wall .

ELGIN Give us your report Oliver.

OLIVER MOSS Filling in for the earth ambassador to GALACTIC FREDERATION, with canned foods by appointment of PRESIDENT VANESSA BELLAMY .I have an assistant in the form of Grants TRAYNOR here from KALDOR .

GRANT TRAYNOR For the exchange program with Earth senoritas .

ELGIN I'll rather have some technicians to help with the war effort .

OLIVER MOSS Your in luck PETER, the federation will order some of your trackers, for residential areas, for the war effort .

ELGIN And we got a large holding complex for

captured RUTON, 5 miles away in a Mojave Desert .
MOSS From where they'll be transported through a DIMENSION GATE back to there home world of NIMBUS 3 .
Steven Tayler Our chief scientist can induce the rutons to change by injecting them with a genetic code of other species in a laboratory .ZAROV is busy converting captured Ruton INTO NATIVE animals that can survive in desert regions .
Over in the science Wing of the asylum ZAROV is preparing another biomorphic transition process, after painstaking research and business lunches,for more alien hybrids captured infiltrating human society.
[SEE ALIEN INVASION and NIMBUS 3 PT4]
He leaves the monitoring console and walks across a purple laminated floor then climbs metal steps to a metal walkway above plastic shallow pods containing alien life and starts a Saline drip.
As he reaches a valve for a saline drip feed, he slips and falls into one of the pods where a large arc of electricity engulfs both him and the Ruton .,The RUTAN draining ZAROV of life energy and transforming into his likeness .
ELSEWHERE MARK GREENSTREET IS ESCORTING TWO ZEBRA SQUAD OFFICERS THROUGH THE SPORTS WING along a blood red astroturf path to a blue and pink elevator and decent to a basement, then along a gray laminated path past air conditioning and central heating pipes.
MARK GREENSTREET THIS SHALL BE YOUR OFFICE WHILE YOUR WITH US AT THE ASYLUM SARGENT, I HOPE IT MEETS YOUR SPECIFICATIONS .
SARGENT ARNOLD TASTY SERVICE FOR A CIVILIAN OPERATION DON'T YOU THINK DARLIN.
ALISHA IT COULD DO WITH A WOMANS TOUCH.
Arnold walks around his glass desk and sits on a chrome and wicker chair just as the phone rings
SGT ARNOLD THERE'S SOME DISTURBANCE IN THE SCIENCE WING .
MARK GREENSTREET I'LL COME WITH YOU.
ALISHA RED AND WHITE CHEQUE TABLE CLOTHS AND A WELSH DRESSER .
SGT ARNOLD leaves his office and they walkS past water and air conditioning pipes along a gray laminated corridor and enter a travel tube ,that whisks them through the complex.
They disenbark into the large cavern ,sky blue vinyl silk and maroon laminated floor along a lemon tiled carpet through people in FRED PERRY PE kit at table tennis ,table hockey and pin striped ex-hotel managers at pool tables,with purple waist coats, then through to metal stairs to an upper gantry .
They take a side tunnel past prints of variety artists from touring theatres to the science wing, where the lights a strobing after the accident .
SGT ARNOLD There's been an accident mark .
MARK GREENSTREET You better check for our personel while i look at there data .
Arnold makes a quick circuit of the laboratory as GREENSTREET walk past resin plastic birthing chambers with saline solution spilling over

onto the gray laminated floor to a waist high console near the perimiter wall.
MARK GREENSTREET The console is showing a completed cycle.
SGT ARNOLD Can you play Back the last cycle on this monitor.
On the console played out and real-time ZAROV steps up to The Gantry slips and falls off into the birthing chamber there's an arc of electricity over the gantry .
MARK GREENSTREET So that will explain the emergency lighting.
SGT ARNOLD Julie Newmar his assistant and three members of the zebra squad have gone.
They leave the science wing and walk the wide red and white corridor into the throne room then over to the blue and pink elevator, and down one level to the communications wing .
Elsewhere in the Mojave Desert ZEBRA SQUAD [wearing lime green uniform with canvas patches on shoulders and elbows] are patrolling the perimeter of a high wire fence containing hybrid animals created in the science wing of the ASYLUM .crocadiles and iguanas in a large sandpit coralled by galapagos turtles designed to thrive in a dessert enviroment
Two large vans crash through the gates and up the drive, a group jump of people clamber out wearing white overalls with SUPREME ANIMAL FEED on the back in pink letters
and start loading giant tortoises , CROCODILES AND IGUANAS into the back of the van .
Then the van quickly reverse out of the compound while two ZEBRA SQAUD officers clamber into an army jeep and give chase through the gatway not the highstreet and pursue at high-speed towards the city centre .
PRIVATE QUILLY Step on it Sargent .
SARGENT PALMER I'll take your recommendations under consideration
but I'm driving the caR .
PRIVATE QUILLY We'll have to catch them before they join the other vehicles entering the city .
SARGENT PALMER You stand a better chance with me my old son with my advanced driving course
PRIVATE QUILLY When we get to San Francisco what's the next move.
SARGENT PALMER The first thing the old son is for you to get on the blower to SARGENT ARNOLD at the Asylum .
PRIVATE QUILLY PASS ME SOME OF THAT KENDAL MINT CAKE .
PALMER reaches into his jacket pocket and passes a sweet to quilly .
SARGENT PALMER I don't know if you noticed but in emblazoned on the side of that truck in large letters was SUPREME ANIMAL FEED so if you tell Sergeant Arnold he can track it.
The army jeep drives over the crest of a hill past cactus evenly spaces olong a dessert road and join the rest of the traffic towards San Francisco .
At the ASYLUM MARK GREENSTREET walks past the GLOBAL

CHEMICALS office and takes the elevator to the sports wing and then to a large dome in the middle Opening the door and stepping into a full size cricket pitch complete with club house spectators and two teams in costume .
As the bowler runs down the pitch to throw the ball the umpire comes running over saying [it's the second half and SARGENT ARNOLD is trailing by 50 runs] .
ARNOLD is running up the pitch as the ball is thrown to the wicket keeper and makes 3 runs just as WOSHAK comes towards him in his one piece GREEN boiler suit .
SARGENT ARNOLD This better be important Neal, the old ball and chain is beating me by 50 runs and it might upset our conjical rights in the master bedroom.
STEVEN TAYLOR I have a report at the break-in at our facility at the Mojave Desert
ELGIN YOUR KIDDING
STEVEN TAYLOR It seems ZAROV Is in charge of the ruton Rebellion .Mark have you got that report from the science Wing
MARK GREENSTREET ``this will just take a minute I'm trying to access ZAROVS notes here .
the intercom buzzes
SARGENT ARNOLD Can you get that for me please Alicia
Alicia gets off the table with a red and white check tablecloth at side of cricket pitch and walks over to the wall entry coder.
The communications officer says putting you through to Sergeant Palmer.
SARGENT ARNOLD Jogs over the pitch in his cricket whites and snatches the receiver from Alicia.
SARGENT PALMER We're in hot pursuit of a vehicle heading into the city that we'LL probably loose it in the traffic?
SARGENT ARNOLD give me A description of the van, and i'll put out an APB via CALIFORNIA HIGHWAY PATROL .
PRIVATE QUILLY It was a large van with SUPREME ANIMAL FEED advertised on the side .
SGT PALMER That's the only chance we have of catching them.
SARGENT ARNOLD DARLING SAY GOODBYE TO YOUR TEAM WE GOT WORK TO DO .
ALISHA COMES WALKING OVER TO THE SIDE OF THE PITCH.
ALISHA LUCKY ESCAPE FOR YOU PAISLEY BOY .
WOSHAK I'LL GET BACK TO THE GLOBAL CHEMICALS OFFICE BUT I'LL NEED A FULL REPORT WHEN YOU FIND YOUR MISSING MEN AND OUR CHIEF SCIENTIST .
HE LEAVES THE CRICKET PITCH AND SARGENT ARNOLD GOES OVER A COLOR SEPERATION OVERLAY FORREST GREEN PITCH TO A WAIST HIGH CONSOLEAnd the colour separation overlay virtual sports and and of.Luckily, the poor, the man with the pool cue is all that mattered.I'm gonna support them then.I liked that game myself.less food and you could do it SHUTTING DOWN THE CRICKET PROGRAM . tHE BABY BLUE SKY AND HIGH SERUM IS REPLACED BY A DULL GREY WITH SPOT LIGHTS AND SARGENT ARNOLD AND ALISHA LEAVE THE DOME .

At San Francisco Bay Area an articulated lorry negotiates a Ring Rd with SUPREME ANIMAL FEEDS emblazoned in in mauve letters.HANS ZAROV is seated with his team in it's trailer eating popcorn From a large tub while keeping animals hydrated .
they reach the coast road and drives along the shore-line, then parks opposite the harbour and they clamber out of the trailer and start unloading animals from the back of the articulated lorry onto a waiting ship with HIGHLAND FLING stencilled on the side in gold letters .
HANS ZAROV puts on a captains hat, grabs the big wheel and starts the engine maneuvering away from a wooden jetty into the choppy waters of the PACIFIC OCEAN .
David comes back FROM the coffee shop to find the HIGHLAND FLING missing from the Harbour .
iIn his office at the back of the complex SGT ARNOLD gets a call from central ops .
SGT ARNOLD Thanks David that matches the description given to us by Sergeant Palmer when it entered the restricted area in the Mojave Desert and made off with the CROCADILES AND GIANT TURTLES that we'd placed there awaiting shipment to NIMBNUS 111 .
DAVID Then it looks like they boarded the HIGHLAND FLING And they've managed to get a clean getaway .
SGT ARNOLD With HANS ZAROV our chief Scientist.Find a harbour station pronto,and give them a discription and I'll call the cry freedom. Maybe JIM FERGUSSON and his team can catch the HIGHLAND FLING in the CRY FREEDOM .
In the louge ELGIN is reclining on a lemon corduroy sofa when the INTERCOM buzzes and he's patched through to washington DC .
BASCOM A message has just come through on the PRESIDENTS HOTLINE IN WASHINGTON .
STEVENS and FULVIA retrive POPCORN from a russel hobs microwave while FULVIA is wating for her curling tongs to warm up as ELGIN flumps onto a lazyboy recliner and accepts the call. .
HANS ZAROV I intend to BIO-MORPH hibred animals into killer sharks and send them to American pleasure beaches , at the height of the Summer season unless you deliver $1 ZILLION IN GOLD to these coordinates .30 degrees West 5-minutes 40 degrees South 10 minutes.If you pay ,I will slow down the conversion process and WE will grow with humanity in peace and harmony .My comrades in Russia.Even me.A manoeuvrable submarine That will destroy any attempt to stop us.
ELGIN The CRY FREEDOM will be patrolling the area.
MARK GREENSTREET If there is a submarine in the area he might be able to track it .
BASCOM America has a long tradition of Not Giving In to terrorism .
ELGIN I'll have the Black Prince submarine investigate the area given to us by HANS ZAROV .
STEVENS passes a bowl of popcorn while FULVIA retrieves her curling tongs and walks over a persian rug to a wicker chair .
settee .

ELSEWARE.....IN MANHATTEN ...DR ROTHCHILD retrieves his camel hair coat and trilby hat from his hall rack and opens a green laminated front door and down past tulips and chrisanthemums to join a group with banners campaigning for climate control and a brass band towards CENTRAL PARK .
Over a GUTS CONDOMINIUMS the CEO of CAMELION TOURS starts her day with a Granola bar then leaves her apartment for a first assignment in Central Park .There she meets Brenda for table tennis. At the end of the 5th Game Brenda is Winning 3-2 when Sergeant Murphy comes up behind her. .
SUSAN MENDEZ Thanks for turning up MURPHY ,you can escort me to the office.
They leave the park and cross passed a large van unloading refrigerators and televisions on pallets into a large glass fronted shop and soon find themselves in front of her office building .
SARGENT MURPHY By the way Susan they've increased security some sort of biohazard the tabloids are keeping it to the chest .
SUSAN MENDEZ Yes thanks Sergeant if you can just help me through .
They walk up the wide stone steps into the EMPIRE STATE BUILDING ,with office Clerks milling around collecting their correspondence from Post Office boxes and janitors in navy blue sweat shirts and trousers using their buffing machines on a maroon marble maroon floor .
SUSAN MENDEZ I was lucky to get this job our last secretary left after a whirlwind Romance.
MURPHY Could happen to you SUSAN .
SUSAN MENDEZ I can't blame her.He was very distinguished .
Murphy helps her Across a maroon marble floor to a security unit .
SUSAN MENDEZ Global chemicals have installed these new trackers.
sgt MURPHY OHH I COULD CRUSH A GRAPE .I'll leave you now and continue my Patrol.
SUSAN MENDEZ Brenda needs help with the table tennis,tell her I might be late and to feed the budgerigar .
She passes blue and pink porcelain pots with tropical plants and enters a red and white elevator taking her to the GLOBAL CHEMICALS TREASURY OFFICE .She then walks along a yellow tiled carpet and then across a persian rug past double doors and collapses onto a Louis escargot sofa below a large window and closes blinds, then uses an INTERCOM mounted on a glass coffee table piled high With out a date yoga magazines next to a yucca plant .
PETER ELGIN Glad you made it Susan the balloons gone up

.ZAROV escaped with his latest creations and is threatening the Western world .
SUSAN MENDEZ Yeah but you're the man on the scene Peter how can I help.
PETER ELGIN I need you to send this text to Roger Cohen on the Black Prince submarine and tell him to go to these coordinates.
SUSAN MENDEZ What's he looking for?
PETER ELGIN A MAD SCIENTIST HELL BENT ON RUINING MY HOLIDAY .
